Fire Walking! I'm In!

Recently I participated in one of the most amazing experiences of my life, 'Unleash The Power Within', a 4 day seminar with [Tony Robbins](#) in Sydney.

The main reason of attending was to firewalk which we did on the first day on coals between 1,200 and 2,000 degrees Fahrenheit. I didn't feel any heat what so ever, must of had my mind focused!

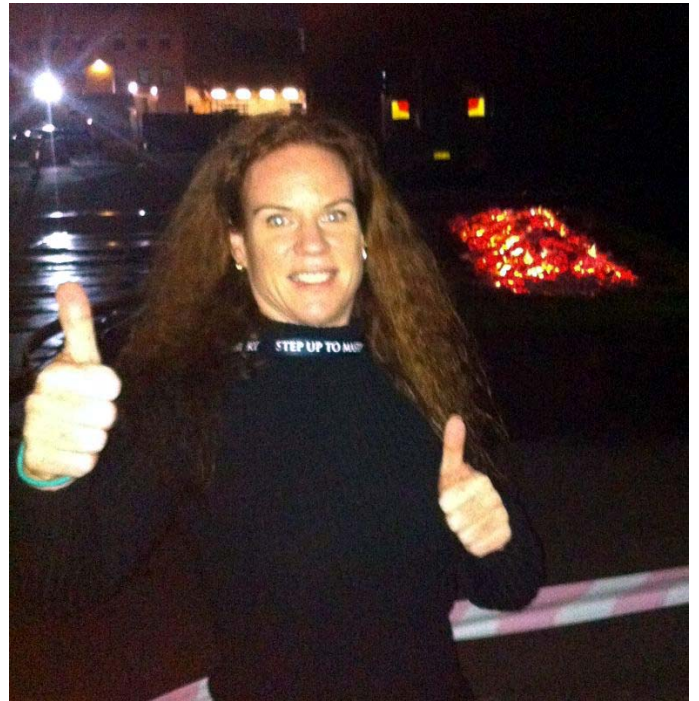

From then on what happened was so profound.

I completely reprogrammed my mind and have removed negative experiences from my life / childhood and created a new timeline.

I realised I was living my life with excellent standards but to reach the next level in life you must have 'OUTSTANDING' Standards which is only a 2mm gap you need to close. This will be beneficial in all aspects of my life especially my business!

I would recommend this seminar to everyone as a MUST DO!!!

'Task Master Maynes!'

Not long now and I will officially be a Personal Trainer!

It's taken me under five months to complete my Cert III & IV in Fitness online with [Fit College](#) while running my business and working a casual administration position (that I just LOVE!) within the fitness industry to assist my study at Hervey Bay's prestigious [24 HR Gym](#). Check out the Awesome Membership Fee's (\$8.95 a week - No Contract!), Equipment and Facilities [here!](#)

[Fit College](#) have been extremely prompt and helpful with my numerous emails in relation to my study queries. I have found them all extremely professional with the local and online teachers happy to assist, having thorough and extensive industry and course knowledge and experience.

“FIT College is very proud to have Jeanette wearing the “FIT College” brand! She is an amazing multi tasker – which has seen her complete the certificate 3 and certificate 4 in Fitness (with recognition of prior learning for one unit) in the quickest time in student history! When Jeanette puts her mind to it – she can obviously complete anything and has worked very hard to complete all necessary assessment and course work whilst running her own business. Since completing the Cert 3 in fitness – Jeanette has secured additional employment on top of running her business with the 24 Hour Gym in Hervey Bay. It is just one of the amazing benefits to study with FIT College, that we can open opportunities for employment in the local area!”
